COMPILERS AND PUBLISHERS

DES MOINES, IOWA

Entered according to an Act of Congress, in the year 1905, by R. L. Polk & Co., in the
office of the Librarian of Congress, at Washington, D. C.

INTRODUCTORY.

This is the fourteenth volume of R. L. Polk & Co.'s Des Moines City Directory, and that it will compare most favorably with its worthy predecessors is the assurance which the long established reputation of its publishers guarantee. The Directory has come to be universally recognized as an actual necessity, without which the business world would be in a chaotic condition and the stranger in a city would be absolutely lost; the well-arranged streets and avenues and the plain and accurate system of numbering houses would count for naught. It is the guide to which everyone in quest of information pertaining to persons and places and municipal affairs naturally turn, and as such it is of the utmost importance that its pages should not be marred with mis-statements and errors. Although long since accorded the reputation of preparing works of this class which are as near absolute correctness and completeness in every detail as it is possible to bring them, the publishers have rested upon no such estimate, but every year they have still further enlarged and improved upon each previous edition until in the present issue they have approximated as nearly to perfection as anyone could expect, and its general accuracy, handsome mechanical and typographical get-up and vast amount of information, valuable alike to the business man and private citizen bear indisputable evidence of the fact that neither time, skill nor expense have been spared upon its preparation. Only competent and experienced men have been employed in the compilation of this work and their canvass has extended to every nook and corner of the city and resulted in a collection of names and addresses that must necessarily be practically complete. Aside from the names, occupations and addresses found in this book there is much more valuable information regarding the various institutions of the city and county in general. In fact it would be difficult to ask a single question regarding the city which is not properly answered within the covers of this volume.

POPULATION.

The Directory of the city contains 42,912 names. Making the necessary deduction for firms, corporations, removals or deaths and computing by the multiple of 2 $\frac{1}{2}$, which is believed to correctly represent the names of women and children not included in the City Directory, a population of 98,700 is indicated; an increase over last year of 1,007. This is widely different from the recent state estimate of 75,350, but when the methods of taking the state census are considered it will be clearly seen that the Directory estimate is more reliable. The difference can be explained by the facts that the state census includes only those persons located here prior to January, 1905, that it does not include the many thousands of students who are here attending schools and colleges eight months of the year and that it is based upon a single enumeration under which condition it is inevitable many names are omitted.

The publishers desire to express to the business and professional men of Des Moines their thanks for the liberal support accorded the work, and in conclusion will say that in the future they will be as unremitting in their efforts to please as in the past.

Des Moines, Iowa, November 8, 1905.

Christian Workers Training School

Pharmacy School

Summer Schools

Correspondence Schools

The various schools and colleges are equipped to do good work. The faculties are able and devoted. Students can enter at any time and take just such work as they are fitted to undertake. No entrance examination required of those entering the Normal or Commercial Schools.

The expenses here are low—so low that no ambitious young man or woman should find it impossible to attend school here. The opportunities offered in Des Moines for students to work for a portion of their expenses are numerous and remunerative. Fully one-half earn a portion of their expenses while attending the University.

Good, wholesome, hygienic board is available in Drake University at the exceedingly low minimum rate of one dollar and fifty cents per week. It is so arranged that any one desiring to add special orders to the regular bill of fare for any menu can do so at trivial cost. This enables the student to live here at school as economically as at home.

We have announcements giving special information concerning each school or college, which we are pleased to send free upon request.

"Science conquers inebriety entirely eradicating all desire for alcoholic stimulants and absolutely accomplishes permanent cures. Alcoholism in its advanced stage is a disease and not a habit; a disease from which its victim can escape no more easily than he could from diphtheria, or typhoid fever, and so the only rational thing to do for him is to give him medical treatment suitable to his case."

Phil Klumb's Best Cigars

This Cigar has been on the market as a Ten-cent Cigar for 23 years, and it is still the same as when started. We do not use seed filler and call it Havana. Smoke the HAWKEYE and you always get your money's worth.

The friend of the people. It is better than a great many ten-cent cigars. Do not make a mistake. Buy the SUNNY SIDE.

New Recruit - Five Cent Cigar

None better. Try one and
be convinced.

Dr. LEW ARNTZ is INDORSED by the BEST PEOPLE of CITY and STA

Rev. O. W. Catlin, Pella, Ia.

I would rather have Dr. Lew Arntz' ability to help the human vision than to be a millionaire as it scatters blessings on every hand.

Judge C. C. Cole.

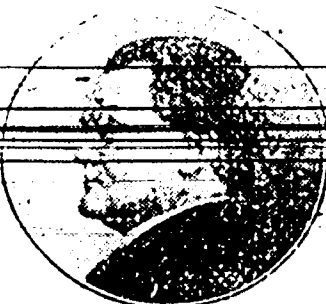

I desire to say that by your experienced judgement in testing my eyes and fitting glasses to them you have greatly reduced the percentage of impairment of vision by increasing years.

Rev. C. A. Nelson of the Swedish Mission Church

The best that can be said of a professional man is that he is skillful in his profession; this can be applied to you, doctor. Please allow me in this way to extend to you my gratitude for the good work you have done for me and my son.

L. F. Andrews.

My vision was impaired in consequence of 76 years use but have been restored by the use of Perfection Bifacals prepared by Dr. Lew Arntz.

J. A. Kinny.

Dr. Lew Arntz has restored perfect sight to my left eye which was blind for 30 years. He only used specially ground spectacles.

Rev. F. W. Evans.

After careful investigation I was led to apply to Dr. Lew Arntz, who fitted glasses so perfectly to my eyes that I can read and write for hours after night without getting tired.
